High Frequency Words

be, come, good,
pull

The kids had a great time on their field trip last Thursday. We enjoyed walking the capitol grounds and watching Mulan. This week we will get to enjoy the OUCH presentation on Friday. The story will be geared toward imagination, creativity and helping our earth.

Our weekly words this week are all about "l" blends. Continue to work on these at home with your child in order to increase their word bank. We will also be discovering nouns this week by sorting different nouns into person, place, thing and animal. In math, we will be finishing ordinal numbers such as 1st, 2nd and 3rd and beginning our unit on graphing.

Science this week will focus on technology. We will continue to introduce different computer programs into the classroom on the computers and classroom I-pads

Special notes!

- Please make sure to send a note in the blue communication folder if your child will be going home a different way. I want to make sure everyone arrives home safely.
- I will be out of the classroom, but on campus on Tuesday all day and Thursday afternoon. Please be patient with the substitute at dismissal.
