High Frequency Words

Could, live, one,
then, three

I have added comprehension questions to the back of the fluency pages. After the students have read through their fluency pages please have them answer the questions on the back.

Our weekly words this week are short “u” words. We will also discuss what a contraction is and how to use it in a sentence.

In math, we will finish up our place value lesson and move on to measurement.

In socials studies we will be learning about community members and their jobs in the community.

Friday will be our school wide cardboard box challenge Day. We will have the opportunity to play with some of the games that other students have created and share our own creations. If you are working on a cardboard box game at home please be sure to bring it in on Friday to share!
