High Frequency Words

fun, make,
they, too

I hope everyone enjoyed their holiday weekend. Our weekly words this week are all about short “o”. Because of the short week, I am only asking that the students complete 3 of the 4 word work activities. We will also be discovering verbs this week. Have your child do different activities around the house such as hoping, spinning, or writing and discuss how each of these are examples of verbs.

In math, we will be starting our unit on addition and counting on. Work with your child on addition facts up to 20 along with counting on from different numbers up to 120. For example, have your child start at 30 and count to 120.

In science this week we will continue to become comfortable with the technology in our classroom. Our social studies lesson will focus on good and services.

Special notes!

- P.E. is every Thursday, please don't forget to wear your tennis shoes for P.E.
- Library books are due back this Friday, September 8th.
- I will be out of the classroom on Wednesday September 6th. Please be patient with the substitute at dismissal.
- Don't forget to turn in your scholastic book orders by September 15th 2017.
